GRAND JURY IN A RECESS

INVESTIGATIONS TO BE RESUMED SOMETIME NEXT WEEK.

TINDELL LOSES SUIT

Jury Decides in Favor of Miss Florence Shullenberger.—Minor Cases Decided.

The grand jury which has been in session since Monday afternoon took an adjournment about 5:30 o'clock yesterday afternoon. It is not known when they will meet next week but it is understood they will finish their deliberations at that time.

Robert N. Barber was a witness before the grand jury for the second time late yesterday afternoon. He was in the grand jury room about forty minutes. Barber was taken back to Jefferson City by Sheriff Lowell B. Campbell this afternoon.

The jury in the case of W. A. Tindall against Florence Shullenberger returned a verdict about 2:30 o'clock, finding for the defendant. The case went to the jury shortly before noon. The suit, was over a heating plant which was installed by Tindall, the defendant claiming it was defective.

The petit jury was excused until Monday morning when the criminal docket will be called.

Other proceedings in circuit court today were:

Florian A. Spuhler vs. Edward Suphler, et al, partition, plaintiff dismissed suit.

Florian A. Spuhler vs. Edward Spuhler, et al, partition. W. N. Deatherage appointed attorney to represent all unknown and non-resident defendants. Decree for partition by sale of lands.

Aesdale & Monk vs. J. O. Stafford, appeal J. P. court, judgment by agreement for plaintiff for $82.69 at 6 per cent interest.

Rewarded for Years of Care for Flower

Night Blooming Cereus Opens in Doctor's Office in Burlington Junction—Witnessed by Many.

After caring for a species of cactus known as the night blooming cereus for more than thirty-three years, Dr. C. F. Mitchell, of Burlington Junction, was rewarded for his work Thursday night when the blossom opened. A number of his friends were present at the blossoming of the plant, which is a rarity in this section of the country.

Shortly after 8:20 o'clock the petals on the flower started to unfold and by 10 o'clock the blossom measured more than ten inches in diameter. The petals were clear white while the center was a delicate pink.

The Star of Bethlehem and the Manger, two strange formations in the flower, were visible according to those present. The fragrance of the flower filled the entire house, during the time the blossom remained open. It closed about 4 o'clock Friday morning.

The night blooming cereus is a rare plant in this section of the country but can be found in large numbers in tropical lands. These plants also may be found on the Indian river in Florida.

Hopkins Students Publish "Tell-Tale"

High School Pupils Edit Paper Themselves; First Issue Out Last Week.

The Blue-White Tell-Tale is the name of a school paper being published by the students of Hopkins High School. The first number, a newsy, four-page, four column folio, was issued last week.

The staff of the Tell-Tale is as follows: Mildred Dowling, editor-in-chief; Olive Boyd, business manager; Elton Landon, advertising manager; Norvel Sayler, circulation manager; Lynn Mahan, sport editor; Pauline Miller, typist; Miss Leeper, faculty advisor.

The reporters are: Thelma Ulmer, senior reporter; Ronald Renfro, junior reporter; Edra Laipple, sophomore reporter; Lavelle McMullen, freshman reporter; Pauline DeMott, faculty reporter; Annice DeWitt, alumni reporter.

Guests Leave.

Mr. and Mrs. Walter Lavelle and son, Walton, accompanied by Lavelle Smith, left yesterday for their home in Casper, Wyoming, after a week's visit with Mr. Lavelle's parents, Mr. and Mrs. M. Lavelle and Mrs. Lavelle's parents, Mr. and Mrs. H. Edwards.

Samuel Zancker, 86, Dies in St. Joseph

Former Resident of Graham Probably Will Be Buried There By Side of Wife.

Samuel Zancker, a former resident of Graham, died last night at the home of a daughter, Mrs. Effie Thrasher, in St. Joseph.

Mr. Zancker was a veteran of the Civil War. He was about 86 years old and had been in poor health for some time but had not been confined to his bed. He left Graham fifteen or twenty years ago.

Burial probably will be made at Graham, as Mrs. Zancker is buried there.

There are six surviving children: the daughter at whose home death took place; Mrs. James Loffer of Graham; George Zancker, Cameron, Mo.; Roy Zancker, Kansas City; Clarence Zancker, Portland, Ore.; and Ovie Zancker, Bendina, Kan.

TEAMS SPLIT GAME HONORS

PICKERING DEFEATS HARMONY 100 TO 0.

GAMES ON WEDNESDAY

Day Changed for Next Week; Quitman Plays Skidmore in Non-Conference Battle.

All games scheduled for next Friday in the outdoor basketball league of the Nodaway County Athletic Association probably will be played on Wednesday afternoon, as most of the schools will be closed on account of the sessions of the Northwest Missouri Teachers Association.

All the games scheduled for yesterday were played with the exception of the one at Clearmont.

Pickering Swamps Harmony.

The fast quintet developed at Pickering added to its already imposing record by defeating Harmony, 100 to 0. The Pickering team scored almost at will. McGinness was high with twenty field goals, while McKee made eighteen and Lett ten. Garten and Swaney, guards, each caged one goal from the field. A box score of this game is unnecessary.

Quitman defeated Conception, 34 to 2. Another game played last week between these teams was called at the end of ten minutes on account of darkness. At that time the score stood 24 to 0 in favor of Quitman.

BEARCATS IN LEAD 13 TO 0

KIRKSVILLE OSTEOPATHS TRAIL AT END OF FIRST HALF.

EADS, WILSON SCORE

Brilliant Run by Willoughby and a Recovered Fumble Aid in First Touchdown.

At the end of the first half, the Bearcats of the State Teachers College were leading the Kirksville Osteopaths, 13 to 0, in the first football game of the home season this afternoon.

A sensational run by Willoughby and the recovery of a fumbled punt by Graham paved the way for a Maryville advance late in the first quarter, which was halted on the Kirksville 3-yard line. Here Mesmore, Kirksville fullback, was forced to punt from behind his goal line. His kick was bad and it was the Bearcats' ball on the 21-yard line. The first quarter ended 0 - 0.

The Bearcats scored their first touchdown shortly after the beginning of the second quarter, when Captain Eads split tackle and hurdled across the goal line after a succession of line plunges had worked the ball from the 21-yard line. Eads dropkick for the extra point was good. Maryvillt 7, Kirksville 0.

Near the end of the first half, Wilson carried the ball over for the second Maryville touchdown. Captain Eads' kick, was low and wide. Maryville 13, Kirksville 0.

The playing of Wilson, Bearcat halfback, was a feature of the second quarter.

The Maryville stands were well filled when the game started. The bleachers on the opposite side of the field were about half populated. A number of persons watched the game from automobiles.

Maryville won the toss and elected to kick. The Rams defended the east goal. The field was muddy as the two teams were ready for play.

Coach "Doc" Meyers brought a squad of twenty Rams to Maryville. The visitors will leave on the Wabash train for Moberly tonight.

The sun poked his face through the clouds overhead as the teams went through preliminary practice.

Tigers Lead, 14-7, in Nebraska Game

The Missouri Tigers surprised football critics today by scoring two touchdowns to Nebraska's one in the first half of their game this afternoon at Lincoln, which was attended by several Maryville fans.

The Huskers threatened to score early in the third quarter when they advanced the ball to Missouri's 12 yard line, where the Tigers held and kicked out of danger.

The score in the third quarter was Missouri 14, Nebraska 7.

The rest cure might be a good thing for the whole country. It might begin with tongues and finish with nerves.

NET TIGHTENS ON ORMISTON

OFFICERS EXPECT TO LOCATE RADIO MAN SOON.

TO AID EVANGELIST

Florida Minister Charges Plot By Organized Churches of Los Angeles To Damage Mrs. McPherson.

Los Angeles, Oct. 9.—The net was tightening around Kenneth G. Ormiston, co-defendant in the Aimee Semple McPherson case, according to the district attorney's office today.

"We have an excellent chance to apprehend Ormiston," Keyes declared last night. "Our information concerning his whereabouts seems to be authentic."

The district attorney did not discuss this phase of the case at length and refused to divulge the nature of the information, although Ormiston was reported to have been seen in Pasadena several days ago.

District Attorney Keyes today planned to submit evidence at the preliminary hearing, which he declared will positively prove that the evangelist was in Arizona with friends and not in the power of a desperate band at least a week before she staggered into Agua Prieta and told her story of having escaped from a kidnapping gang in the desert.

Brandenton, Fla., Oct. 9.—The Belief that Mrs. McPherson's trials and tribulations in the Los Angeles court are the result of a "plot on the part of the established churches in that city" was expressed today by T. J. McIntosh of Brandenton, an itinerant evangelist.

He said that Mrs. McPherson resided with the McIntosh family in Hong Kong, China in 1910 and was engaged in evangelist and missionary work there.

McIntosh has wired to Mrs. McPherson to send him facts about her case in order that he may champion her cause. While he has not seen Mrs. McPherson for sixteen years, he said tht his knowledge of her qualities as a "good consecrated Christian woman" caused him to offer to support her cause here.

Fleetwood to Attend Livestock Conference

J. Ross Fleetwood, Nodaway County farm agent, will go to Kansas City tomorrow where he will attend a livestock conference and school, which opens at the Kansas City stockyards Monday. About fifteen county farm agents from Northwest and Central Missouri will attend the conference which will close Tuesday evening. Marketing problems and various grades of livestock will be studied.

CARDS AGAIN KNOT SERIES

GROVER ALEXANDER HUMBLES YANKS FOR SECOND TIME.

FINAL SCORE IS 10-2

Bell Swats a Homer With One Man On —St. Louisans Make Five Runs In One Inning.

The final game of the world series between the St. Louis Cardinals and the New York Yankees will be played in New York tomorrow afternoon. The game will start at 2 o'clock, 1 o'clock Maryville time.

Radio returns of the game will be received at The Democrat-Forum office, through the courtesy of Harry Todd, manager of the Hanamo Telephone Co.

New York, Oct. 9.—Grover Cleveland Alexander, the "Grand Old Man" of the present world series, won his second game for the St. Louis Cardinals today and put the Cardinals again on even terms with the New York Yankees. The score of today's game was 10 to 2.

With each team having won three games, the seventh and deciding contest will be played tomorrow.

The Cardinals gave Alexander a good working margin by scoring three runs in the first inning. Alexander was in trouble several times thereafter, but he tightened in the pinches and the Yankees never came close to taking the lead. The Cardinals staged a five-run rally in the seventh inning which put the game on ice.

Sharing honors with Alexander was Lester Bell, St. Louis third baseman, who crashed a home into the stands with Hornsby on base.

The play by play report follows:

First Inning.

Cardinals: Holm singled to right; Southworth forced Holm, Koenig to Lazerri. Hornsby walked, sending Southworth to second. Bottomley doubled along the third base line, scoring Southworth and sending Hornsby to third. Bell singled, scoring both Hornsby and Bottomley. Hafey struck out. O'Farrell also struck out, retiring the side. Three runs, three hits, no errors.

New York: Alexander threw two strikes, after which Combs went out, Thevenow to Bottomley. Koenig struck out. To two batters Alexander threw only one bad ball. Ruth took three balls, then two strikes, and was out on a ground ball to Bottomley, unassisted. No runs, no hits, no errors.

Second Inning.

Cardinals: Thevenow flied out to center. Alexander flied out to left. Holm fouled out to Severeid. No runs, no hits, no errors.

New York: Meusel's short fly fell safe in left field. Gehrig was out, Thevenow to Bottomley. Thevenow took Lazerri's hard grounder over second base and made a quick throw to first for the putout. It was a brilliant play. Dugan also was out, Bell to Bottomley. No runs, one hit, no errors.

Third Inning.

Cardinals: Southworth's short liner to center was caught by Combs. After the difficult catch, Combs fumbled but recovered before the ball touched the ground. Hornsby was out, Koenig to Gehrig. Bottomley was out on an infield fly to Gehrig. No runs, no hits, no errors.

Yankees: Severeid singled over second. On Shawkey's grounder, Thevenow made an inexcusable error, putting Severeid on second and Shawkey on first. Combs forced Severeid, Alexander to Bell. Koenig sent a long fly to Southworth and the latter's throw held both runners without advancing. Ruth was out on a grounder to Bottomley, unassisted. No runs, one hit, one error, two left on.

Fourth Inning.

Cardinals: Bell walked. Hafey sacrificed, Shawkey to Gehrig. Bell was out on an attempted delayed steal of third, Severeid to Dugan. Hafey was out on a long fly to Meusel. No runs, no hits, no errors.

Yankees: Meusel made three bases on a hot ground ball over third. It was the first three-bagger of the series. Gehrig was out, Hornsby to Bottomley, Meusel scoring. Lazerri was out, Thevenow to Bottomley. Dugan singled over second. Severeid sent a hot liner over third, but it fell foul. He then struck out. One run, two hits, no errors, one left on.

Fifth Inning.

Cardinals: Thevenow sent a single between short and third. Alexander laid down a sacrifice bunt and was thrown out, Gehrig to Lazerri. Holm singled over second, scoring Thevenow. Southworth was out, Dugan to Gehrig. Holm taking second. With the count three and two, Hornsby's hard hit ball to second was taken by Lazerri and tossed to Gehrig for the third out. One run, two hits, no errors, one left on.

Yankees: Shawkey struck out. Combs flied out to Hafey. Koenig lined out to Holm, who took the ball after a hard run. No runs, no hits, no errors.

Sixth Inning.

Cardinals: Bottomley hit to left for two bases. A fast return by Ruth kept Bottomley making third. It was a very long hit. Bell sent a long drive into

Beardstown An Island, 1500 Families Homeless

Entire Illinois Town Almost Completely Inundated—Only Eighteen Houses are Above Water.

Beardstown, Ill., Oct. 9.—Entirely surrounded by water and almost completely inundated, Beardstown today faced the most serious crisis of its two weeks of flood havoc.

The stage of the Illinois River shortly after daybreak was 25.33 feet, the highest in the history of the city. Added to this was the prediction by forecasters that the river would reach 26 feet today.

A survey of the city revealed that only eighteen houses in the city are above the waters which have overflowed from broken levees and crept into the town.

Hundreds of homes are entirely ruined, the waters having reached the level of the lower floor ceilings.

Approximately fifteen hundred families are homeless.

TROTSKY MAY BE EXPELLED

CHARGED, WITH OTHERS, FOR VIOLATING PARTY RULES.

TRIAL THIS MONTH

October 20 Set As Date for Hearing of Early Day Soviet Government Leaders.

Moscow, Oct. 9.—Trotsky, Zinoviev and Pyatikoff, three of the best known leaders in the early days of the soviet government, today face expulsion from their party on charges of "vicious violation of party discipline."

The political bureau has decided to try the three before a disciplinary tribunal meeting on Oct. 20.

The charges grew out of the alleged efforts of the famous trio to split the party.

Trotsky had been in apparent political retirement until his recent sudden appearance. The political bureau especially castigates Zinoviev and recommends in a separate resolution "suitable punishment," indicating that more severe measures will be taken in his case. It is believed that Zinoviev will be reduced in rank and possibly denied the protection of the home party office for several years.

Trotsky possibly may retain his home committee membership although he certainly will be ousted from the political bureau.

Recover Thirty Bodies Following Explosion

Cape Town, British South Africa, Oct. 9.—Thirty bodies were recovered today from the Durban Navigation Colliery where 4 white men and 116 natives were entombed by a gas explosion. All of the men are believed dead. The first bodies brought out were those of natives.

NO VERDICT IN BRIBERY TRIAL

JURY STILL OUT IN DAUGHERTY-MILLER HEARING.

STUDYING EXHIBITS

Defendants Are Charged With Accepting Bribe for Approving American Metals Co., Claim.

New York, Oct. 9.—Harry M. Daugherty, former attorney-general, and Thomas W. Miller, former alien property custodian, accused of having conspired to share $441,000 graft in the offices to which President Harding appointed them in 1921, probably will know their fate today.

The first felony trial of a former cabinet member in the country's history moved rapidly to a conclusion last evening when the case unexpectedly went to the jury at 9:42 o'clock last night, after a twenty-three day trial.

Shortly before midnight the jury was locked up for the night. The jurors resumed their deliberations at 10 o'clock this morning. Conviction will carry a penalty of two years imprisonment, a $10,000 fine, or both. In his charge to the jury, Judge Julian Mack told the jurors they could acquit or convict both defendants, or acquit or convict them separately.

In the jury chamber was a mass of exhibits requested by the jury last night before it adjoruned after a two-hour consideration of the case.

The defendants were charged by the government with conspiring to defraud the United States government of their honest and unprejudiced services by taking a bribe to pass the claim of the American Metals Co.

Testimony showed that Richard Merton, German industrialist, paid to the late John T. King, Connecticut politician, for helping to put the claim through. The government alleged Daugherty and Jesse W. Smith, his confidential man, received $221,000 between them, Miller $50,000, King $113,000 plus a $50,000 advance fee.

The defense denied the government had traced the King-Merton Liberty bonds to the defendants and declared the evidence was built on "inference and inference."

The corridors outside the jury room today were packed with spectators and friends of the defendants.

At 1:05 o'clock, the jury had reached no conclusion and were taken out to lunch under a guard of deputy marshals.

Big Money Wagered on Baseball Game

More Than Million Dollars Bet On Sixth Game—Yanks Series Favorites 2 to 1.

New York, Oct. 9.—In the estimation of the Broadway betting commission upwards of a million dollars will be wagered on the sixth game of the world's series this afternoon between the St. Louis Cardinals and the New York Yanks, with the probability that fifteen million dollars will change hands on the result of the series if it goes the limit of seven days.

A new record for total betting on the series seems inevitable. The odds this morning were 9 to 10 and "take your choice," with the Yanks favored for the series at odds of slightly more than 2 to 1.

Mellon Declares Debt Pact Up to Congress

Secretary of Treasury Denies Statement That U. S. Doesn't Object to Reservations by Parliament.

Washington, Oct. 9.—Secretary of Treasury Mellon today officially denied a statement attributed to him in Paris dispatches that "America has no objections to the adoption of debt reservations by the French parliament."

Mellon indicated he couldn't blame Premier Poincare for being surprised at such a statement, which, it was stated, is obviously untrue. Mellon stated that he had informed Poincare while in Paris that the debt pact is now out of the jurisdiction of the American debt commission and in the hands of Congress.

HOT DOG EYESORES.

More power to the American Automobile Association in its campaign in favor of better hot dog kennels!

President Thomas P. Henry of the A. A. A. has appealed to all the clubs in that big organization, asking them to join in a movement to improve the "thousands of unwashed, unpainted and unsanitary hot dog stands and other lunch counters that infest so many of our beautiful thoroughfares."

Many of the stands, he remarks, are made out of signs furnished by soda, pop, candy and cracker manufacturers. Even when the buildings are fundamentally decent, they are often cluttered all over with such signs. Thus they are marring landscape beauty and are eyesores to the motorists they seek to attract.

"The situation," he says, "is not confined to any section of the country. It is offsetting all that is being done to beautify the highways, and millions of motorists are rising in protest. The hot dog vender or the lunch counter keeper has a perfect right to make a living, but he has no right to mar the rights of sight-seers everywhere. In this respect the rights of the public are paramount."

He believes that such places may be controlled and made more respectable and presentable by means of restrictions enforced in granting the license privilege. Many, however, deserve to be abolished simply as public nuisances.

Other countries do not have such eyesores all along the road, compelling the unwilling attention of the traveler by their hideousness. Why should the United States have them?

FOOTBALL WITH US AGAIN.

Football is with us again. Sporting pages already have carried the first tentative lineups, the first signal practice, even the first minor injuries from the big varsity camps. Football is in the offing, but coaches and captains wisely take the earliest possible look at their new material.

At that it's only a trifle over one month and a half to Thanksgiving Day, which will find all of our colleges and schools resting on gridiron laurels won or looking forward to the next fall as the best way of forgetting their recent past. It is now time to deplore the hazards of the game, to grieve at its expensiveness, to point rebukingly at its abuses of amateur standards, and otherwise to make ready to get out and whoop it up on the sidelines or in the stands some clear, crisp Saturday afternoon in the near future.

Some homes are just a place where women work for their board and clothes.

What Other Editors Say

ECONOMIC PRESSURE PACIFIES.

The proposition of Dr. Stresemann, supported by President Hindenburg and Chancellor Marx, providing for the placing of $500,000,000 at the disposal of France and Belgium for the stabilization of their currencies through the marketing of railroad stock, cannot but make an impression in Paris, Brussels and throughout the world. In return, Germany asks to be freed from military control, for the evacuation of the Rhineland and for the restoration of the German provinces now held by France and Belgium. The benefits, on the surface, appear to be mutual. The proposal is said to have been originated in a suggestion of M. Briand. Assuming that the plan meets with the approval of the nations involved, the success depends on the co-operation of American banking interests in the marketing of the railroad bonds in this country.

Peace, real peace, and the restoration of something like normal conditions, will ultimately come, not through political bargaining, but as a result of economic pressure. That pressure is bearing hard today on all three nations. The sooner Germany is rid of military control and foreign occupations, the better she will fare; and if this can be brought about in such a manner as to make possible the stabilization of the currencies in France and Belgium, no one will lose and the three countries will gain.—St. Louis Post-Dispatch.

Stewart's WASHINGTON LETTER

By Charles P. Stewart.
NEA Service Writer.

Washington.—French debt settlement will be one of the first things for Congress to take up when it meets in December.

Election will have no bearing on the question, for the same old 69th Congress will be on the job until March. Before it adjourns, in all probability it will have ratified or rejected the tentative agreement between the American World War Foreign Debt Commission and the last set of negotiators from France.

All the signs are that the compact, throwing off about half the debt, will continue to have very hard sledding in the Senate.

If anything, the last season's displays of anti-American feeling abroad have served to consolidate national legislative sentiment in opposition to any further concessions on the debt settlement proposition.

The pending agreement having been framed, on the American side, by a Republican administration, the Republican "regulars" probably will quite generally support it. Senate "insurgency" however, will be quite as generally against it and there may even be "regular" dissenters.

This will mean the bargain's rejection unless the administration can get help from the Democrats. The talk of Democratic senators like Pat Harrison and Thaddeus H. Caraway doesn't sound much like it.

"Pay, or repudiate the whole debt," is the Harrison and Caraway idea of what France ought to be told.

The fact that the pair actually were in France throughout the summer places them in a position to pose as authorities, and perhaps the more effectively combat the cancellation arguments of fellow Democrats like ex-Gov. Cox of Ohio and ex-Secretary of War Newton D. Baker.

Besides, Harrison and Caraway have Senate votes and Cox and Baker haven't.

Report Tex Rickard and N. Y. Girl Wed

Lewisburg, W. Va., Oct. 9.—Tex Rickard, millionaire sports promoter, and Miss Maxine Hodges of New York were married here at noon Thursday by the Rev. Courling, the minister disclosed today. The ceremony was performed at the minister's home.

"I am certain he was the famous sports promoter," the minister said, "but I don't know where they went or anything about the romance. They said they came here from White Sulphur Springs."

Mrs. Mary Moore went to Kansas City this morning.

Fifty Years Ago

(Taken from the Nodaway Democrat, Oct. 12, 1876).

The freight train on Tuesday afternoon going to St. Joseph ran off the track, about a half-mile south of Bridgewater, and the locomotive and ten cars were ditched. In consequence of this accident, the mail train coming up from St. Joseph was delayed and has not arrived here up until the hour of going to press. No persons, we learn, were hurt in the accident.

At one of the races on the fair-grounds on last Friday, both of the horses flew the track on the home stretch and ran over a few persons in the large crowd gathered near the judges stand. W. J. Crowdis and a boy of Marsh Ford's were considerably hurt. Other parties, we learn, received slight injuries.

Judge Royal, by request, will speak at Lamar Station on Saturday, the 21st inst., at 2 p. m.

The meeting at the McGinnis schoolhouse in Polk township under the auspices of the Methodists is progressing finely. Thirteen additions are already reported and the interest is increasing nightly.

The Graham Band attended the fair on Thursday. They favored the large audience in attendance with several fine pieces of music.

Lafe Dawson and John Edwards will speak at Graham on next Saturday evening, the 14th, at 7 o'clock p. m.

The Preachers Institute of the Christian Church of Northwest Missouri has been in session the past three days in this city. Several ministers are in attendance and the institute is proving to be of great benefit to those who are attending.

Fair Notes.

About three thousand persons were present at the fair last Thursday.

The exhibition of hogs was the finest than at any previous fair.

The first floor of Floral Hall did not present as attractive appearance as last year because only a few merchants made any display. However, the exhibits from outside Maryville were numerous and first class.

From 5,000 to 6,000 persons were present on the last two days of the fair.

A. P. Morehouse, the worthy president of the fair association, has contributed very largely to the success of all fairs ever held in the county. He was one of the first directors of the society. Simeon Wright, vice-president, also deserves much credit for the success of the fair. In fact, all of the officers did everything possible to make the fair a success and all deserve great credit for their work.

A total of $4,000 was awarded in premiums.

The directors elected for the coming year are as follows: Frank Bellows, Simeon Wright, Thomas L. Marlin, Mart. Skidmore, John M. Lamar, A. P. Morehouse, E. M. Gardner, Lycurgus Miller, Henry Fleming, I. N. Wray, S. T. Kennedy and T. H. Brown.

A marriage license was issued this afternoon by Mrs. Mamie Clardy, recorder of deeds, to Robert J. Sticken and Sophie Finkbeiner, both of Graham.

Mrs. Jolin Laudin of Minneapolis, Minn., is here visiting her sister, Mrs. Frank Barmann for the week-end. This is the first time for several years that Mrs. Laudin has visited Maryville.

This was work day for the high school students at Burlington Junction. The entire student body was working for money for the athletic fund.

Coolidge Seeks Aid For Cotton Growers

Appoints Special Committee to Extend Credit—Suggests Best Help in Marketing Crop.

Washington, Oct. 9.—President Coolidge today took steps to extend the full aid of the government to the distressed cotton producers of the South. He appointed a special committee to extend credit to cotton growers.

President Coolidge suggested that federal aid could best be given by helping the farmers to market their crops and by extending financial aid to the banks who are financing the growers and to co-operatives. He said that ample credits could be supplied through a federal intermediate credit bank.

Bell made a home run in the game today, scoring Hornsby ahead of him. Bell also got 2 other hits in today's game.

Cards Again Knot Series

(Continued from Page 1).

the left field stands but it was foul by a few inches. Bell then struck out. Hafey also struck out. O'Farrell was out on a high infield fly to Dugan. No runs, one hit, no errors, one left on.

Yankees: Ruth drew the first pass from Alexander. Meusel flied out to center. Ruth caught the Cardinals napping by stealing second as Gehrig struck out. Lazerri flied out to center to retire the side. No runs, no hits, no errors, one left on.

Seventh Inning.

Cardinals: Thevenow singled over Dugan's head. On Alexander's bunt in front of the plate, Severeid's throw was bad, Lazerri, covering first, dropped the ball, and both men were safe. The error was given to Lazerri. Holm also bunted in front of the plate and Severeid's throw to third retired Thevenow. Meusel misjudged Southworth's fly and it rolled to the barrier for a two-base hit, scoring Alexander. Shocker replaced Shawkey as pitcher. Hornsby's single through second brought in Holm and Southworth. Bottomley grounded to Koenig, who stepped on second for a force-out of Hornsby. Bell hit a terrific drive into the left field stands for a home run, scoring Bottomley ahead of him. Hafey doubled between center and right. O'Farrell struck out. Five runs, five hits, one error, one left on.

Yankees: Dugan's drive to Bell was too hot to handle and it was a hit. Severeid also hit to Bell, who threw wide, and Dugan went to third. Severeid being held on first. Paschal batted for Shocker and struck out. Combs singled through short, scoring Dugan and putting Severeid on second. Koenig was out to Bottomley, unassisted, both runners advancing. Ruth was out, Thevenow to Bottomley. One run, two hits, one error, two left on.

Eighth Inning.

Cardinals: Thomas went to the mound and Collins behind the bat for the Yankees. Thevenow was hit by a pitched ball. Trying to sacrifice, Alexander forced Thevenow, Thomas to Koenig. Holm was out on a grounder to Gehrig, who stepped on first and threw to Koenig to double Alexander. No runs, no hits, no errors.

Yankees. Meusel walked. Gehrig got an infield hit, putting Meusel on second. Lazerri flied out to Hafey. Southworth made a shoe-string catch of Dugan's fly and doubled Meusel off second. No runs, one hit, no errors. One left on.

Ninth Inning.

Cardinals: Southworth made three bases on his hit to center, which Combs juggled slightly. Hornsby's drive was deflected by Thomas and Dugan scooped up the ball and shot it to first for a put-out, but Southworth scored. Bottomley was out to Gehrig, unassisted. Bell singled but was caught at second on Ruth's throw. One run, two hits, no errors.

Yankees: Collins struck out. Reuther batted for Thomas and was out, Hornsby to Bottomley. Combs hit to right for two bases. Koenig flied out to center. No runs, one hit, no errors, one left on.

High Waters Delay Teachers at Graham

The high water caused by the rains of last Saturday nad Sunday delayed some of the Graham teachers in returning to work after week-ends spent at their homes.

Harry Haun, high school instructor, drove from Bigelow Sunday by automobile and, arriving in Maitland after dark, remained there over night and crossed the river in a boat the next morning, arriving in Graham just in time for school. Miss Esther Fordyce, another high school instructor, did not reach Graham from her home in Burlington Junction until 2 p. m. Monday, when the first train came through.

Miss Winona Zimmerman, whose home is in St. Joseph, Miss Maybel Williams, who lives in Bolckow, and Miss Etta Myrl Lemley of Albany, all grade teachers, arrived in Maryville by train and drove over at a late hour Sunday.

Fred Garten to Head Pickering Sophomores

Classes Organize and Three Parties Are Given.—Grammar Department Pupils Decorate Room.

The sophomore class of Pickering High School has been organized with the following officers: President, Fred Garten; vice-president, Doyle Grimit; secretary-treasurer, Garland McGinness; sponsor, Garland Miller.

All the classes are now organized and ready to show a good class spirit. The juniors took the lead by giving a party for the seniors last Friday evening on the school grounds. The menu consisted of fried eggs, bacon and potatoes; sandwiches, pickles and marshmallows. Games were played and everyone had a good time.

The sophomores had a party Wednesday night at the schoolhouse. Group games were played and later on refreshments were served.

The physiology and general science classes are working out some very interesting laboratory experiments.

The junior and senior English classes are reading Chaucer's "Canterbury Tales." They find this very difficult but nevertheless interesting.

The juniors and seniors were guests at a party Thursday night of this week at the home of Mr. and Mrs. Irvin Neal in honor of Glen Swaney's birthday.

Zola Burks, Eunice Ingles, Mildred Wilson, Dean Wiley, Patsy Lee Hornbuckle and Harold Swaney were visitors in high school the past week.

The pupils of the Grammar Room have been been making argiculture and flower posters, which they are using to decorate their room.

Mildred Vinzant and Margaret Swaney were absent Wednesday afternoon.

BLOOMDALE SCHOOL NOTES

The agriculture class has finished this quarter's work, studying beef cattle, including live stock surveys, visiting a beef herd, making beef posters, etc.

The B class enjoy making health posters. They have finished several. They have also been drawing and coloring maps of the oriental countries.

Up to the present time, with twenty-two pupils enrolled, we have had just nine absences and no tardies. The average attendance for the first month of school was 21.5 The best average the school has had for several years.

The D Class is having a great deal of enjoyment this week from playing store, using money. They are learning quickly how to make the right change.

Will Give Concert For Children

The music of four countries will be illustrated for the school children of Nodaway County in a special children's program which will be given here, next Thursday afternoon by the Kansas City Little Symphony Orchestra.

The program is designed to familiarize the children with the best in music and to foster in them a love for such music. The program will be as follows:

RUSSIA

1. In the Village....Ippolitow-Iwanow
2. Song of the Volga Boatmen (For Strings).
3. March of the Caucasian Chief.....Ippolitow-Iwanow

NORWAY

1. Norwegian Bridal Procession..Grieg
2. March of the Dwarfs.....Grieg

ITALY

2. American Fantasy.....Herbert

SCHOOLS HEAR FROM ABROAD

JUNIOR RED CROSS RECEIVES PORTFOLIOS.

THANK PUPILS HERE

Belgium, Japan and Indian Schools Tell of Their Class Work.

Belgium, Japan and an Indian school in Arizona are represented in portfolios received at Junior Red Cross headquarters here for delivery this week to Nodaway County schools.

From the Wakanoura School of Wakayama Prefecture, Japan, came a portfolio for the fifth and sixth grades at Graham, in answer to a letter sent last spring under the direction of Miss Julia Newton, teacher. The portfolio illustrates Japanese scenes and customs, and contains a number of the free-hand drawings which make the Japanese portfolios unique. The cover design shows two clasped hands and the inscription, "To Our American Friends."

Another Japanese portfolio came from the Tsune school, in Ehime perfecture. It was for grades 4, 5 and 6 at Clearmont, in return for a health portfolio, made by the pupils under direction of Miss Viola Brandt.

Letters From Belgium.

A number of interesting letters came from Ecole Communale No. 5 of Tirlemont, Belgium, in answer to a communication sent from grades 1, 2, 3 and 4 at Parnell.

The first two grades at Parnell were unusually fortunate, for they will receive also a portfolio of desert flowers from the Salt River Day School of Arizona, in return for a portfolio of window decorations for the nine months of the school year, made by the Parnell pupils last spring.

The Indian pupils sent specimens of each kind of desert flower, which they had picked and pressed, and also included other flowers, and fig and orange leaves. Miss Lena Nolan is the teacher of these grades at Parnell.

Laura Left Hand Bull Writes.

One interesting letter was written to the fourth grade at Washington school by Laura Left Hand Bull, a pupil in the St. Francis Mission School of South Dakota. It follows:

"I am going to thank you for that nice bird house. I want to tell you my name before I write more. It is Laura Left Hand Bull. Edith Tarning Bear and Winnie Little Thunder are in my class too. Pauline Good Voice is my partner when I go to church. We go to church every morning and I like to sing and pray. We have a nice church here. It has colored windows. I wish you could come and see it.

"We go to school every day and before and after school we wash dishes crochet and after supper I like this time best of all. I must tell you about our picnic. At 9 o'clock in the morning we marched to the grounds while the band played so we had lots of fun with the boys and the girls played baseball. We had all kinds of races. One girl got a black eye from the ball. But the nurse she fixed it up and it's getting all right now. We have movies here often. I like Charlie Chaplin the best. We do you like?

Graham High School Now Has Orchestra

Superintendent Charles W. Wallace has organized a high school orchestra at Graham and it has begun practice, with the folowing members:

Dorothy Lockhart, piano; Mr. Wallace, cornet; Jean Harvey, Thelma Robertson and Wallace Findley, violins; Miss Berniece Snelling and Lavella Hilsabeck, saxaphones.

Elmo High School Has Debating Club

Doy H. Carr Sponsors Organization.—Lewis Werth Substituting As Superintendent.

Doy H. Carr, principal of Elmo High School, a former debater at the State Teachers College here, is organizing a debating club among his high school students and plans also to have an orator to represent Elmo in the spring contests at Maryville.

C. W. Rogers, former head of the department of commerce at the State Teachers College, gave an interesting lecture to the commercial law class Wednesday.

The seniors plan to give a play in the near future. The play selected is "Patsy Makes Things Hum."

Lewis Werth is substituting for Superintendent L. L. Livengood while the latter is campaigning for prosecuting attorney.

EXCELSIOR—DISTRICT NO. 20.

Roy Ringgold visited school last Friday morning.

Archie Davison was absent from school three days last week on account of sickness.

The "A" Class are taking a review in the different subjects, and are also having some tests, to see how they are getting along in their work.

Virgil Sparks was absent from school last week, on account of sickness.

Lynn Ringgold and Berniece Blanchard are the only ones who have a perfect attendance record.

We hope that we have a better attendance this month. Considering the weather and the distance that it was necessary for the children to travel, the report last month is considered fairly satisfactory.

GAYNOR ECHOES.

Our new library books came last week.

We will have no school October 14 and 15 as this is the time for teachers' meeting of the Northwest District, which will be held at Maryville.

The primary class have finished reading their Elson hand charts. They will soon begin work in the Elson primer. They now know eighty words.

Irene Early has been absent this week on account of shingles, which was caused from a fall.

Densel Cooper was absent Monday and Tuesday on account of illness.

Harley Garrard won fifth prize on his calf at Maryville last Saturday. Harley and Loren took their calves to St. Joseph Wednesday.

The high school girls and some of the grade girls have their new basket ball suits. Much interest is shown in their practice games.

Esther Smith and Byrl Sharr visited the grade room Wednesday afternoon.

The "A" physiology class made a health poster last week.

The basement drain ditch was finished this week. Those helping with it were Leroy Nigh, Jesse Johnson, Ernest Garrard, Claude Thomas, Lloyd Killion, Ernest Nigh, Everett Early and Willie Sparks.

P.T.A. FIGHTS "DRY" REPEAL

STATE ASSOCIATION CLOSES ANNUAL CONVENTION.

OFFICERS HOLD OVER

Resolutions Urge Peace, a Federal Department of Education, and Curbing of Salacious Magazines.

Jefferson City, Oct. 9.—Defeat of initiative proposition No. 4 for repeal of all the state prohibition enforcement laws, and a campaign to arouse public sentiment against any modification of the Volstead Act, were urged in resolutions adopted yesterday by the Missouri Parent-Teacher Association, in the closing session of its annual convention.

The convention adjourned without out selecting a city for the 1927 convention. The selection will be made by the Board of Managers at its mid-winter meeting. Invitations were received from St. Louis, Springfield, Independence and Kirksville.

Resolutions adopted by the convention included ones urging:

A program for peace.

Establishment of a Federal department of education with a secretary in the President's Cabinet.

Adequate support for the State Department of Physical Education.

A campaign of education on behalf of child labor legislation.

Programs of safety education by the Parent-Teacher Associations, and legislation to assure safety on streets and highways.

A campaign to wipe out illiteracy in Missouri by 1930.

A campaign to arouse public opinion against the sale of salacious magazines.

The association is sponsoring a move to establish kindergartens throughout the state and the convention pledged its support toward gaining recognition for kindergartens in the public school system. The Board of Managers of the association held the final meeting of the convention late yesterday afternoon, to discuss revision of by-laws and revision of classifications of work for the local associations to conform to the rules of the National Association.

No election of officers are elected for two years, and the present officers hold over until 1927. They are: Mrs. W. A. Masters of St. Joseph, president; Mrs. A. B. Sherwood of Springfield, vice president; Mrs. R. L. Yeager of Independence, recording secretary; Mrs. W. H. Fellows of St. Joseph, corresponding secretary; Mrs. E. S. Wherry of Kansas City, treasurer, and Mrs. Charles Gardner of Springfield, historian.

Will Attend Meeting Here.

The following from St. Joseph will attend the meeting of the Missouri Library association to be held in Maryville in connection with the Northwest Missouri Teachers association on Thursday, Friday and Saturday of next week: I. R. Bundy, public librarian; Miss Sarah Molony, head of the circulation department at Central Public Library; and Miss Ruth O'Malley, in charge of Carnegie branch library.

Graham Juniors Have Picnic.

The junior class of the Graham High School enjoyed a picnic and wiener roast Tuesday evening.

Students Are Urged to Attend Concert

High School Department at State Teachers College Hears Program of Musical Appreciation.

An assembly of high school students at the State Teachers College was held yesterday afternoon and an interesting program was given by Miss Winifred Dickie on the appreciation of Russian and American music, in preparation for the program to be given by the Kansas City Little Symphony Orchestra in the College auditorium next Thursday.

Miss Margaret Franken, high school supervisor, urged all the students to be present at the concert.

An invitation was extended to the entire student body of the high school department to attend a party to be given Monday by the seniors and sophomores.

Calendar Full at Martha Washington

Martha Washington school, near Maryville, which was taken over this fall by the State Teachers College as a demonstration school, has had a number of interesting happenings. The school calendar since the opening of school follows:

Sept. 6—School opened with twenty-four pupils.

Sept. 13—Meeting of the school board. The members are Roy Lippman, president; William Sturm, J. E. Shinabarger, Edwin Goodspeed, clerk.

Sept. 18—Supply cabinet and sectional book case installed.

Sept. 24—Entertainment for public. Piano numbers were given by Estelline Lyle, Clara and Louise Lippman of Martha Washington school.

College students from the music department furnished the following program:

Vocal solo—Paschal Monk.
Violin obligato—Miss Laura Belt.
Piano solo—Miss Elizabeth Mills.
Vocal solo—Vernon Barrett.
Talk—Miss Jessie Murphy, teacher.
Address—President Uel W. Lamkin.

Talks were given by H. A. Phillips and Miss Elizabeth White of the College. Miss Murphy acted as chairman and introduced the speakers.

After the program an informal 'get acquainted' meeting was held. Miss Callie Barket, the demonstration teacher at Myrtle Tree, was a guest at the program. Miss Roach assisted Miss Murphy.

Sept. 30—J. Ross Fleetwood, the county agent, made a talk to the school.

October 1.—Mr. Lyle and Miss Murphy took the agriculture class to the Dale Bellows farm to judge thoroughbred beef cattle.

Oct. 5.—The language class wrote letter to Miss White, who is in St. Francis Hospital.

Oct. 6 — Miss Margaret Davison, county nurse, inspected the school and made a talk on careful habits of eating.

BLOOMFIELD SCHOOL NOTES

The bridge over the Canal Branch, east of our school, is impassable. The rain has almost made it impossible to travel over the road.

Our basketball team met the "Goats" of Pickering last Friday and we were defeated by a score of 54 to 30. We are not discouraged, however, and hope to win next time.

Some fine health posters have been finished.

"Good Teeth" was the most popular subject for the posters.

Mildred, Ruth and Theodore Hollensbe and Joseph Darl Swalley were absent Monday.

The pupils have been working on a program for a box supper to be given as soon as the weather permits. Watch for dates.

Games have been matched with Raymond Houston's Bloomdale cagers and with the "Goats" of Pickering. Come out and help us win.

Mr. and Mrs. Ira Thompson and Mr. and Mrs. Fred Neal went to St. Joseph today.

PRAIRIE VIEW.

The children are now making posters for the second month which will be put up this week. Those making posters are: Maceol Ulmer, Jessie Snoderly, Verlin Koger, R. L. Ulmer and Donald Blackney.

We had school Saturday, making up one of the days we had missed.

Garnette and Leroy Ingles were absent from school Saturday.

Mack Ulmer and Elma Koger went to Pickering Monday after cattle.

D. W. Snoderly has made 250 gallons of sorghum and is planning to make more this week, if the weather will permit.

The agriculture class has made plans for their wood projects.

TO PLAY FOR THE CHILDREN

SYMPHONY ORCHESTRA WILL GIVE SPECIAL CONCERT.

OTHER TOWNS INVITED

Skidmore and Harmony Among Schools to Send Delegations.—Tickets Are Only 10 Cents.

One of the outstanding attractions in Maryville next week during the meeting of the Northwest Missouri Teachers Association and the Missouri Library Association will be the Kansas City Little Symphony Orchestra, with Stanley Deacon, baritone as soloist.

On Thursday afternoon the orchestra will give a special program for children, and every effort is being made to have every school child in Maryville present. Invitations also have been sent to the schools of surrounding towns, and several have sent word that they will send large delegations. Skidmore has asked for seventy-five seats, while Harmony, a rural consolidated school, has sent word that twenty-five pupils of that school will be present.

Tickets for the children's concert will be sold for only 10 cents each. For the night program, for adults, the price of tickets will be 75 cents, much below the usual scale of prices for the Kansas City orchestra.

The Little Symphony organization differs from the Minneapolis and other famous orchestras only in size. The Kansas City Little Symphony Orchestra, however, is by no means small, having twenty-six members. It is directed by N. de Robertis.

Stanley Deacon, the soloist, is a baritone whose popularity is ever increasing. Of him the Kansas City Times said recently: "Mr. Deacon's stage presence is a refreshing and blithesome thing; his audiences fall in love first and listen later."

Deacon was born and educated in Chicago. He began singing at the age of 9 years as alto soloist in St. Peter's Episcopal Church. For three seasons he sang as leading baritone with the Boston Opera and for one season with the Century Opera. For three seasons he was "guest artist" with the Kansas City Opera Company. His operatic repertory includes about thirty operas.

Several advanced students from the music departments of the State Teachers College have been assisting this week in preparing the Maryville school children for the approaching concert especially for them. Those who have taken a leading part in this work are Miss Winifred Dickie, Miss Laura Belt, Miss Martha Haaf, Miss Ruth Lawrence and Vernon Barrett.

"We believe that this program deserves the consideration of every administrator, especially in those schools which are situated within reasonable distance of Maryville," the letter to other schools said.

"The price of admission for this children's program has been reduced to such an extent that the admission charge should not stand in the way of anyone."

The program is designed especially for children above the fourth grade.

Mothers Discuss the After School Hours

Subject Brings Out Interesting Comments At Jefferson P. T. A. Circle.—Attendance 47.

A discussion of "After School Hours—What?" featured the meeting yesterday afternoon of the Jefferson circle of the Parent-Teacher Association, held at the Jefferson school. The discussion was led by Miss Helen Spangler and some of the topics dealt with were coming home late from school and how to overcome it; training the child to care for his clothes after he comes home; and after-school lunch; the employment of the time between school and bed. The discussion was entered into by several others and much interest was expressed.

The attendance at yesterday's meeting totaled 47, and Room 3 won the pennant for having the greatest percentage of mothers present. The meeting was opened by group singing, led by Miss Sells, music instructor. After a short business session, Room 1 gave a group of songs.

The next meeting will be held on Friday, November 12.

The VANITY CASE

by Carolyn Wells

FICTION

© 1926 by G P PUTNAM SONS

BEGIN HERE TODAY.

MRS. PRENTISS sees lights mysteriously appear and disappear in the **HEATH** household next door one night and the next day Harbor Gardens, Long Island, is agog with the murder of **MYRA HEATH** and the disappearance of her husband, **PERRY.**

House guests of the Heaths are **LAWRENCE INMAN**, heir to Myra's fortune, and **BUNNY MOORE**, vivacious, golden-haired, to whom suspicion points because of her refusal to answer questions.

Myra Heath was peculiar: She never used cosmetics, never wore colors. She had a mania for collecting glass, and it was a rare old whisky bottle from her collection that the murderer used to kill her. Candles were burning at her head and feet and nearby was a card marked, "The Work of Perry Heath." Strangest of all, she was heavily made up and garbed in gay colors.

The peculiar thing about Heath's disappearance is that all the windows and doors had been locked on the inside the night before and were found that way in the morning. Finger prints of Bunny Moore and Inman were found on the bottle.

At the Country Club the murder is discussed by **SAM ANDERSON**, Heath's rival for the club presidency; **AL CUNNINGHAM**, who is trying to solve the crime, and others. Some believe Heath the murderer. Anderson disagrees. **TODHUNTER BUCK**, nephew of Mrs. Prentiss and in love with Bunny, suggests to Cunningham that Heath also may have been murdered.

EMMA, a waitress in the Heath home, tells of Seeing Bunny ascend the stairs about the time of the murder, carrying her vanity case. Later Bunny is amazed to get a phone call from Perry Heath telling her Inman is guilty. Bunny breaks down and faints under a grilling by **DETECTIVE MOTT**, who makes up his mind that she is guilty. Inman confides to Buck that he saw Bunny creep- STORY—THURSDAY . . . . . ONE ing the stairs after the murder, and Mott, questions all the servants and tells them to keep quiet. Katie, a maid, tells of seeing a man leaving the grounds the night of the murder. Mott is inclined to think Bunny is guilty.

NOW GO ON WITH THE STORY.

CHAPTER XXXII.

Al Cunningham had always flattered himself that he had detective instinct. But it was flattery, and, moreover, it was harmful flattery. For it gave him confidence in himself and in his conclusions which was not justifiable.

His detective instinct was all right up to a certain point. But that point came very near the beginning of the line of detective qualities.

For instance, his imagination was good, but it was untrained. A detective depends frequently upon his imagination, but it is not one which runs rampant, or flies off in a new direction at any and every hint that presents itself.

Also, Cunningham lacked experience in many ways. He had intuition and quick perceptions, but his judgments were hastly and changeable; his sympathies too easily enlisted and his personal bias too dominant in his conclusions.

If Mott had had Cunningham's brains in addition to his own, he would have been a first-class sleuth. Mut Mott's strong points were his persistence and his dogged perseverance. Too often these were applied to a wrong premises, and so led him into a futile line of research.

Cunningham, on the contrary, starting on a promising outlook, would be easily turned aside by some sudden development, which might or might not be of real importance.

Had the two men chosen to work together and work harmoniously, they might have accomplished much. But in truth, each held the other's powers in contempt, and pursued his own way, with more or less success.

Myra Heath had been killed Tuesday night, or, rather in the early hours of Wednesday morning. About two o'clock, the doctors had surmised, but had admitted that might be from half an hour to an hour out of the way.

It was not late Thursday afternoon, and Cunningham couldn't feel that he had so far unearthed any real evidence or discovered any real clues. He was sure that Bunny Moore either did the deed, or knew who did it, but his certainty went for little without proof.

He despaired of finding Perry Heath, feeling certain that a clever man who could disappear so mysteriously was not going to let himself be found until he was good and ready.

Cunningham rather thought that Bunny had killed Myra accidentally, and that Heath knew it, and had gone away to save the girl from his enforced evidence.

But this, too, was only surmise, and with little foundation, at that.

So, rather discouraged, and with his vanity somewhat disturbed, Cunningham walked into the club, with a half formed intention of telling his friends there that he could not solve the mystery.

But on reaching the club he was given a note that proved to be from Sam Anderson.

"Dear Cunny:" it ran. "I've gone down to New York on a mere chance of getting a line on Heath. I shall get back about nine, or, possibly later. I wish you'd be at my house when I return, as I may have news,—but, more likely not! Anyway, be there, and we can talk over things. Wait for me on the side porch. Yours, Sam."

Cunningham felt relieved at this promised help of Anderson's, but also felt a bit chagrined that the matter had been taken out of his own hands.

However, he proceeded to put in the time pleasantly enough, had his dinner at the club, and a bit before the appointed hour, he strolled over to Anderson's house.

It was a solid, pretentious affair, built with an eye to bachelor freedom and luxury. A house typical of Harbor Park and entirely unlike the homes in Harbor Gardens.

Knowing well the side porch in question, Cunningham went there and sat down to wait. No formality was required, for Anderson's friends often congregated in this spot, and the big, cozy place was supplied with comfortable lounging chairs, smoking stands and all that went to make entertainment.

A butler appeared and asked Cunningham what he could bring him, and then filled his order with the deft promptness of a well-trained servant and left the visitor alone.

Cunningham stretched himself luxuriously in a chintz cushioned steamer chair, with pipe and glass at his elbow, and ruminated on the possibilities of Anderson's getting any trace of Heath.

At nine o'clock his host had not appeared, but a few moments after nine he saw a shadowy form approaching and a man came quietly up on the porch and sat down beside him.

Though dark, there was enough light from a house window for Cunningham to see the features of this man, and to his stunned amazement he realized it was Perry Heath!

"Don't raise a row, Cunny," Heath said, calmly. "It wont get you anywhere, you know, and if you sit tight, I may be able to help you."

Cunningham's quick wits accepted this, and he said:

"All right, old man,—I thought you'd turn up sooner or later. Now, tell me all about it."

"Where's Anderson? He's the one I came to see. I thought it was he sitting here."

"No, he's gone to New York to hunt you. But he'll be home now, any minute. You'll wait for him?"

"Sure. I say, Cunny, what are you doing in the sleuthing line?"

"Why, I—good Lord, Perry, I can't sit here and talk calmly to you! I ought to be telephoning the police and all that!"

"Don't try it. I'm not the murderer, you know."

"Who is?"

"Larry, of course. I only blew in here for a minute to tell Sam that, and to ask him to see justice done. I know they're suspecting that mite of a girl, little Bunny, but she didn't do it. Only a blind, pig-headed imbecile could think of such a thing!"

"Why are you in hiding?" Cunningham demanded.

"I'm not in hiding. I lit out because I didn't want to testify against Larry, but when that kiddy is accused, I have to put in a word for her."

"You saw Inman commit the crime?"

CROSS-EYED CHILDREN CAN BE CURED

A Simple Operation by An Expert Surgeon Will Remove a Deformity That Causes Unnecessary Discomfort and Humiliation.

By ROYAL S. COPELAND, M. D.
United States Senator From New York.
Former Commissioner of Health, New York City.

It is a great pity for a cross-eyed child to grow up without having an honest effort made to correct the defect. Too many times the soft-heartedness of parents defeats the well-being of a child. Just because the little fellow cries at the mention of treatment, it is natural for the loving parent to yield to the appeals of the youngster.

This is a mistake. Love does not consist alone in yielding to the appeals of the loved one. Sometimes it is necessary to do for that dear child a thing which to the child seems cruel. But it isn't cruel. Certainly having a badly turned eye corrected is not cruelty.

Many a child has put little arms around my neck to thank me for correcting a cross-eye. Children are humiliated and made desperately unhappy if they are abnormal in any sense.

Every child wants to be like all the rest of the kiddies. He cannot be like the others if one eye turns in against the nose.

There is too much in this world of waiting for a thing to be "outgrown." Because of the dread of the parents, a deformity is permitted to continue on the alleged theory that it may be outgrown.

The parent is not the one to decide whether the trouble can be outgrown or not. If the family doctor, having the confidence of the household, says that the trouble cannot be outgrown and that an operation is needed for the good of the child, I am sure it is an evidence of love and affection on the part of the parents to submit to the needed operation rather than to let the child go through life burdened by a deformity.

The operation for cross-eye is not a serious one. The structures involved have no rtlation whatever to the seeing part of the eye. There is no danger that the operation will ruin the sight. The offending muscle is on the outside of the eyeball, not on the inside where the vital parts are. No one need dread to think that by operating a great "chance" is being taken, because no chance is taken.

There are some cases of cross-eyes due to the need of glasses. Once in a while by the proper adjustment of spectacles the eye will straighten up and the possible need of an operation will disappear. No good doctor will operate until the eyes have been tested and until it has been determined that an operation is essential. When it has been so determined, then by all means have the little operation done.

As I have said, the operation is a simple one. A pad is worn over the eyeball for a couple of days, and the eyeball is red for a couple of weeks. In many instances the operation can be made using a local anesthetic. A general anesthetic will be employed if the child is very young or very nervous. Of course the general anesthetic will not be given until the doctor has made an examination of the lungs and heart to see if everything is all right.

There is an aching pain for two or three hours after the operation. After that there is no symptom except a slight sensitiveness to light. The operation is really a minor one, and need not cause no concern or wakeful nights.

ANSWERS TO HEALTH QUERIES

Mrs. G. B. Q—What do you advise for a sluggish liver? Am 32 years of age and have very little pep.

A.—Careful diet, plenty of water between meals and outdoor exercise should all help you. For further particulars send a self-addressed, stamped envelope and repeat your question.

Mrs. C. C. W. Q—Is it necessary for a tubercular patient to go to a sanitarium?

2.—If there is no cough or raising of sputum would there be danger of giving the disease to young children or others?

3.—Is a gain in weight and feeling better in general a good sign?

4.—Is it harmful to live near a lake lunder the circumstances?

A.—Not necessarily—although in this way you are sure of receiving systematic care and attention.

2.—If the germs are there, there is danger of giving them to others with whom you come in daily contact.

3.—Yes.

4.—No.

Nodaway County Pupils Receive More Gifts From Schools in Far-Off Nations

(Continued from page 5)

Had Good Time With Measles.

"Some girls had the measles about six weeks ago, but aren't very sick. They had a good time in the sick room. I'm sorry I didn't get them.

"We are going to send you some of our work. We have made all free drawings for our exhibition. Every week after our drawing lesson the drawings are pinned up around the room. Our class room is very nice.

"The boys have a band. Abraham Sight plays the saxophone. Gilbert Red Bird plays on a horn. They have a big bass drum. I don't know the names of all the boys in the band.

"The boys will have a minstrel the night before May 29, 1926. Then the school will close and I will be glad. I must close for this time. Best wishes from all your Indian friends. I remain,

"Your loving friend,

"Miss Laura Left Hand Bull."

One From South Africa.

Another letter, written to the Barnard High School by the Clumber School of Clumber, South Africa, describes in interesting fashion the school customs in that remote country. It follows:

"Dear Friends,

"We were very pleased to receive your interesting letter, and we are very pleased to correspond with the students of the Barnard Public School. It seems strange to us too, to write to boys and girls so far away, and to people whom we do not know. We were very glad to hear about your school games, and about the interesting work done by the "Red Cross." Your school must be a lovely building. We will try to tell about our customs, schools, crops, and other items that may interest you.

"Our school consists of two very large rooms and two lobbies. The one room is occupied by the juniors, and the other by the seniors. Our school is only a Primary School. We have two teachers, and thirty-one scholars. The Inspector visited our school on the fourteenth of May, and there were three failures, but five scholars were absent, as it was a very wet day. Some of the scholars have four or five miles to come to school every day. The children that attend our school are from six to sixteen years of age. We fear that this being only a Primary School it will not interest you, as much as if it were a High School. Dutch is a compulsory subject in all South African Schools.

"Our School grounds are very large and are studded with ornamental trees. We have a drill ground too. A Wesleyan Church is very near. It is about seven yards from the school and is separated from us by a fire fence.

Cricket the School Game.

"Our School is built on a small rising in the middle of a productive valley. There is a river near the school, whose banks are lined with beautiful palms. There is a suspension bridge over the river, over which we dearly love to race. Of coursé, being boys, we cannot resist the temptation of shaking the bridge, when others are attempting to cross. Near the school is a cement lined reservoir, into which water is pumped by means of a windmill. In this reservoir the boys delight to dive and swim.

"Cricket is the most popular game of the Clumber school boys. We have quite a good cricket field, where we play cricket nearly every day in season. We have played some interesting matches against other schools.

"We were very interested in this basket-ball game of yours, and we are seriously thinking of playing it too. We could use our cricketfield for the game, as it is a very sheltered place; surrounded by high hedges, which give us considerable trouble when playing cricket. The balls get lost in the bushes and the play is interrupted for the time being.

"We play tennis at our school too. The girls have two days in the week to play, and so do the boys. On Wednesdays we play mixed doubles. The courts on which we play are good gravel and belong to the Public. The school children have permission to play on them.

Music but No Orchestra.

"Both vocal and instrumental music is taught in our school, but we have no orchestra. We learn from Tonic-Solfa and Dutch songs, too. At the last Harvest Home we sang a very pretty hymn. We are present learning sacred songs for the Sunday School Anniversary. Those who learn to play the piano, take lessons after school hours.

"The girls in our school sew twice a week. Our sewing is taught by the senior teacher. Most of the Clumber School children like sewing very much. The seniors sew by means of machine. The other children sew by hand. Our teacher is offering a prize for the best made set of doll clothes. During sewing our teacher talks to us about interesting things, and sometimes we are allowed to have the gramaphone.

"We have a vegetable garden which is fenced with wire netting to keep out the hares and other animals. There are beans, peas, radishes, lettuce and onions growing in our garden. We have been experimenting with fertilizer and those grown without. We found that the fertilized beans came through and into bearing sooner than the others, and are more advanced. The girls have charge of the flower gardens, which, unfortunately has no blossoms at present.

"Our district of Bathurst is in the Cape Province. It is a very fertile area, the chief products being pineapples, apples, oranges, and naartjies. The climate is hot in the summer, and the winter comparatively mild. We get our rains in winter. People from England think we have just one season, namely summer. We live fifteen miles from the coast, and about twenty-three miles from our inland town, Grahamstown. The town Grahamstown is renowned for schools and colleges. The town was founded by the British Settlers of 1820.

Most of Natives Uncivilized.

"The strangers visiting our country think the natives are very interesting. They are about five foot ten inches in height, and are a brown or black colour, with short black curly hair. The more civilized natives, wear European clothing, and attend church, but most of the natives wear red blankets, beads, and bracelets of various designs. Some still retain heathen customs and beliefs. Their huts are made of wattle and daub, and the roofs are thatched. Their chief grain foods are mealies and kaffir-corn, which are grown by themselves in small patches. The natives do all our rough work such as hoeing, ploughing, and working in the houses.

"We are very interested in your magazine, the "Hill Top Herald" and we would be very pleased if you would send us a copy. We shall be glad to exchange snap-shots with you. Hoping you will write to us again,

"We remain,

"Your Friends of,

"Clumber Primary School.

HEDGE COLLEGE

Some new books have been ordered from the Missouri Book Store at Columbia, these are to be used in carrying out the work in the state course of study.

Beulah Maier was absent from school Tuesday on account of illness. This makes our first absence or tardy.

The Agriculture class is finishing its quarter's work in that subject this week. The members expect to make some posters and do some review work the rest of the quarter.

A grading system has been introduced into the school and it shows the class standing of each pupil at the end of every month.

Every pupil in school won the prize for doing "health chores" last month.

Taylor County Will Vote on $900,000 Issue

For The Purpose Of Paving Their Primary Road System—Election November 23.

Taylor County, Ia., will hold a special election on November 23 to decide whether to issue $900,000 in county bonds to pave its primary road system, according to this week's Bedford Times-Republican. The Bedford paper had in part the following.

At a regular meeting of the Board of Supervisors of Taylor county, a Good Roads Committee of three men presented a petition containing 1500 names, which is more than enough to call an election on the question as to whether or not we shall have hard surfaced roads and bond the county for $900,000 to pay for them.

The supervisors, acting upon the request of the Good Roads committee which called upon them at their regular meeting Monday afternoon, asking for time to present the proposition to the people of Taylor county, set the time for the special election for Tuesday, November 23rd.

Hints and Helps for Farmers

by J. Ross Fleetwood County Extension Agent

The problem of disposing of the corn which has been covered with flood water is a serious one to many Nodaway County farmers at this time. Soft, rotten corn has a tendency to throw the hogs' digestive tract off to such an extent that necro and cholera are easy to contract. In case anyone wishes to feed some flooded corn to pigs it would be better to get them on feed slowly. Care should be taken not to overfeed tankage for too much tankage will increase the trouble. It would probably be best to hand feed tankage at the rate of one-half gallon to each bushel of corn fed. This could be placed in a small trough at feeding time or in case of hogging down corn, it could be placed in the trough once or twice a day.

Considerable trouble among chickens at this time can be traced to the presence of worms, which have caused a general run down condition. As a result of this general run down condition, the cool, damp weather of the past six weeks has caused many outbreaks of roup, cholera and intestinal disorders. The chickens should be fed plentifully on a good mash and grain. The houses should be dried out as much as possible and good ventilation secured. Right now is a good time to determine whether or not the houses are adequate for the flock for the coming winter. There should be at least three square feet of space for each hen. If the house will not furnish this much space it will be economy to sell enough of the flock so that the remainder can be comfortably housed.

Nodaway County brought back her share of the prize money from the Inter-State Baby Beef Show at St. Joseph. There were really no outstanding individual calves but all of the calves were of high quality. We placed pretty well up in the money in all classes entered. We won first in the car lot class in competition with carlots from twelve counties, third in county group of five, in competition with eighteen counties; fourth and fifteenth in Herefords, fourth in Angus, and seventh in the Shorthorn class.

The quality, type and fleshing of this year's calves at St. Joseph was away above any previous show. Fred Stemm, Swift's cattle buyer from Chicago, who judged the show, said that there were calves in the carlot show this time that would have been grand champions a few years ago. This shows the improvement which is being made in this work.

The pig show, a new attraction this year, was a great success and drew over 200 entries. The pigs sold for a good price and every member who had pigs made a good profit on his project. It is a good time for any boys or girls interested in pig clubs or calf clubs to enroll and get started. If interested, information can be secured through this office.

I expect to spend Monday and Tuesday of next week at the Kansas City stock yards attending a live stock conference and school. We will make a study of the markets and I will try to give a brief report in next week's column.

I want to take this opportunity of thanking everyone who contributed to the success of our Achievement Day, Saturday, October 2. Despite the rain and almost impassable roads, every calf and all but one litter of pigs was here. The girls from five clubs were here with their garments and a good crowd of people was out to see the exhibits. Such cooperation as this is sure to increase the club enrollment in the county and multiply the results of this work.

Rolla—Number and quality of exhibits in the Women's Department of the Phelps County Fair exceeded expectations.

Burlington Junction

(J. Howard Thompson, Correspondent)

Snakes seem to be of a rather familiar sort of late. On coming to the post office for her mail Friday evening, Mrs. Gee encountered a four-foot member of the house snake family which lay on the sidewalk near the post office, and excitedly ran around the snake and into the office. She hurriedly inquired of Mrs. W. G. Carpenter, the postmistress, if there were any men handy.

Mrs. Carpenter inquired, "Why the man?" and when told of the presence of the reptile, said very cooly, that no man was needed. She calmly walked outside and with a small stick deliberately dispatched the snake, and quietly turned and walked back to her duties in the post office. She displayed the coolness of nerve that often is a rarity among members of the feminine sex.

Mr. and Mrs. S. W. Ripley of Clearmont, were guests of Mr. and Mrs. Everett Fast on Wednesday of this week. Mrs. Ripley and Mrs. Fast are sisters.

Ernest Wray of Myrtle Tree neighborhood was in town Wednesday, on business. He was formerly owner of the Wray Oil Company, in Burlington Junction. He reports his son, Ralph, and family, who recently left Burlington Junction, for Sacramento, Cal., as being located and at work in that city.

The recent excessive rains has tried out the roofs of the houses as they have not been tried in many years. Roofs thought to be perfectly waterproof, have had leaks in them and as a result, many new roofs have been put on in the recent days.

Mrs. Mamie Clardy, the present recorder of deeds of Nodaway County, and a candidate for re-election, in company with her sister, Miss Nettie Beaver of Maryville, and Mrs. Howard Garrett, of Clearmont, was in town on Wednesday afternoon, interviewing the voters of this community.

L. L. Livengood, superintendent of the Elmo public schools and a candidate on the Republican ticket for prosecuting attorney of this county, was in town Wednesday, looking after his political interests.

An unprecedented number of witnesses from Burlington Junction have been subpoenaed to appear before the grand jury now in session in Maryville. It is said, aside from the number who appeared earlier in the week, thirty had been asked to appear Friday. The grand jury appears to be making a sweeping investigation of the entire county's behavior.

Mr. and Mrs. W. S. Barnes, of Oketo, Kan., are here visiting Mr. and Mrs. M. J. Halferty and family, and other friends. They will remain about a week, returning to their home early next week.

S. W. Owens and his son, Leo have rented the Howard Kaufman residence and the adjoining seven acres of land, in the extreme eastern part of town, and will take immediate possession. Mr. and Mrs. Kaufman will move into the Frank Greely property.

John Boyer, one of our best citizens, met with a very painful and serious accident late Friday evening. He was assisting the Ferguson-Staples Lumber Company unload a car of woven wire, and while hauling a truck load of the wire one roll became dislodged and fell to the ground, falling in such a way as to cause a compound fracture of Mr. Boyer's right leg at the ankle. The broken bone of the leg protruded through the flesh for nearly four inches. In addition to the broken leg, his heel bone was also split in two, making it very difficult to repair. He was hurried to a doctor where the fracture was reduced, and Mr. Boyer made as comfortable as possible. Later he was carried to his home in the east part of town, where he is resting as well as could be expected.

Rev. J. Howard Thompson was in Maryville Thursday in the interest of the meeting called to devise plans by which to defeat the proposition No. 4 relative to the defeat of the present liquor laws. He, with Mrs. Ferguson, was elected committee members for Nodaway township. Mrs. Thompson accompanied him and while in the county seat they were guests at the home of Dr. and Mrs. C. C. James.

Mr. and Mrs. Ramey Hann entertained the Young Married People's Club at their home Wednesday evening. The evening was spent in playing games and listening to music, after which the hostess served refreshments. Other than Mr. and Mrs. Hann, the following were present: Mr. and Mrs. Berry Hann, Mr. and Mrs. Miles Graves, Mr. and Mrs. Charlie Jones, and Mr. and Mrs. John Houston.

Mrs. Roy L. Sims, the president-elect of the Parent-Teachers Association, was in Jefferson City this week attending the state convention of the association as representative of the local organization. She returned home Friday morning.

W. E. Burr, superintendent of the public schools at Clearmont, and candidate for Representative from Nodaway County, was in town a few hours Wednesday, shaking hands with the voters and strengthening his political fences.

Charles Mitchel, one of Burlington Junction's high school students, and an accomplished musician, will broadcast a musical program over KSO at Clarinda, next Wednesday night, from 7:15 to 7:45 p. m. Doubtless many will "tune in" at this time and enjoy the program.

Our basketball teams, both boys and girls, with a goodly number of fans, went to Elmo Friday night for games with the teams of the Elmo school.

Mr. and Mrs. James Dwyer have rented the William Edmonds residence in the southeast part of town, recently vacated by Frank Coder and family, and will move into it at once. For the past few months they have been living with his parents, Mr. and Mrs. Edward Dwyer.

George S. Miller, county surveyor, of Maryville, was in town Friday afternoon locating corner stones, preparatory to surveying a plot of ground to be added to the Ohio cemetery. Judge Charles Walker assisted him.

Mr. and Mrs. Frank Gohn have a very sick child as a result of a fall the child received a few weeks ago which resulted in an injury to the child's head. The trouble seems to baffle the doctors here. The child was taken to the hospital in Maryville Thursday afternoon and an X-ray picture of the head was taken. At this writing the child seems no better.

Mrs. S. C. Taylor is very sick at her home here in the west part of town. She has been confined to her bed for a number of weeks, and seemed worse Friday morning. Her children scattered here and there, some being in Iowa, some in Colorado and some in Maryville, and other places have been sent for. At her advanced age, it seems as though it will be impossible for her to recover.

Mr. and Mrs. Sheridan Graves entertained recently for the mail carriers working out from this local post office. The guests present were: Mr. and Mrs. B. A. Jones, Mr. and Mrs. D. H. Arnold, Mr. and Mrs. Miles Graves, and two daughters, Iola, and Viola, Mrs. George Bennett, Mr. and Mrs. W. G. Carpenter, Jake Moore, and Miss Virginia Carpenter, Mr. and Mrs. Sheridan Graves and daughter Rachel. All report a most enjoyable time.

Miss Helen Good, daughter of Mr. and Mrs. T. L. Good, who is a senior in Baker University, located at Baldwin, Kan., is making a fine record, according to reports received here. Recently, in a competitive course where sixty young women competed for a place in a college glee club, Miss Helen was the winner and secured the honor. During her vacation last summer, which she spent at her home, she sang a number of times at the Methodist Church here, and always to the delight of all. Burlington Junction is very proud of her and her musical ability.

Mr. and Mrs. Price Doyle and baby son of Peru, Neb., came last night for a visit at the home of Mrs. Doyle's parents, Mr. and Mrs. J. R. Strader. Mr. Doyle will return to Peru tomorrow, but Mrs. Doyle and son will remain here for about a week.

Mrs. James Middleton and daughter, Opal, went to Barnard yesterday and spent the day with J. L. Holaday and family.

Closing Grain Review.

Chicago, Oct. 9.—Wheat displayed some strength on the Board of Trade today closing fractionally higher than yesterday.

Wheat closed ⅛ to ¼ higher. The pit sold off early on the favorable Canadian weather. The ¼ higher Liverpool cables were completely ignored.

Corn eased off on reports of favorable weather and the early break in wheat. May reached a new low on the crop. Futures closed ⅜ to ¼ lower while the spot article was ½ off.

Oats lost ⅛ cent in a featureless session. There was little change in cash values.

Provisions rallied with wheat and closed higher.

PSYCHOLOGY WINS GAME

SPOOFHOUND REGULARS ARE USED AS SUBJECTS.

DEFEATED TARKIO

Ancient Rivals Of Maryville Lost Football Game Here Friday —Second Team Plays.

Displaying such a poor brand of football that the coaches substituted nine second string men for the varsity players in the second quarter of a game against Tarkio on the college field yesterday, the Maryville high school Spoofhounds regulars came back strong in the last half and won by a 13 to 7 score. It was after Tarkio had scored a touchdown and kicked goal early in the second quarter that the nine reserves were put into the game.

Charles "Red" Kissinger, who took half back position on the Maryville team shortly after the second quarter started was largely responsible for his team gaining much ground in the last half. It was his work that made it possible for the Spoofhounds to make eight first downs to Tarkio's two first downs. Kissinger also made one touchdown and kicked one field goal. Alsup, after receiving a well-thrown 20-yard pass from Wilson, ran through the Tark defense for a second touchdown near the end of the final quarter.

Effective psychology on the part of Coach C. W. Croy and his assistant, Hugh Graham, might well be given for the reason of Maryville's victory over Tarkio. It is not likely that the team would have come out of its slump in the second half nearly so forcibly had the nine regulars not been jerked from the field and made to sit on the bench while the reserves, most of whom were playing their first game of conference football, sent into the fray.

"If the first team isn't going to play football why not let the reserves have a chance?" the Maryville coaches agreed when they made the nine substitutions.

Given time to think things over for the balance of the second quarter, the regulars came to the conclusion that their poor showing in the first, and a part of the second, quarter had [illegible] Tarkio to score and after a conference with their coaches during the rest period between halves were sent back into the game to fight. They did, and thanks to the second-string men who held the Tarks in a somewhat but valient manner through the second quarter Maryville was able to win the season's first victory.

A summary of the game follows:

First Quarter.

Tarkio kicked off to Maryville, Swinford received and returned the ball to the 30-yard line. Maryville was held for downs and Wilson forced to punt. An exchange of punts gained a few yards for the Tarks. Dooley fumbled and Tarkio recovered the ball and had it not been for a Tark tackle holding, and the assessment of a 15-yard penalty, that team might have scored sooner. Maryville held Tarkio on the 5-yard line and punted, but the ball was not yet out of the danger zone. The quarter ended with Tarkio in possession of the ball on the 20-yard line, 4th down and 3 yards to go.

Second Quarter.

Smith intercepted a Tarkio pass. Kissinger substituted for Bush and his team soon made its initial first down. Fumbles and poor playing followed and Tarkio got the ball. Line plays resulted in the Tarks making a first down. Thompson was substituted for Sorrie. Line plays took Tarkio closer to the goal line and soon Bryan went around right end for a touchdown. Buster, fullback, kicked goal. Before Tarkio kicked off the Maryville substitutions were made. Those going into the game were Hall, William Alsup, Clary, Catterson, Daniels, Fisher, Howard, Keever, and Dow. Captain New and Swinford, quarter-back, were the only first string men then in the game. The new team held Tarkio until the half ended. Tarkio, 7; Maryville, 0.

Second Half

Maryville's first team went back into the game. Passing and line plays failed to gain much yardage for Maryville but the exchange of punts was in the Spoofhound's favor. Kissinger completed a 7-yard pass. Swinford made 5 yards through the line for first downs. Kissinger and Swinford, taking turns at carrying the ball, worked the pigskin to within 2 feet of the goal and Kissinger carried the ball over for a touchdown. He kicked goal. Tarkio kicked to Maryville and then the Spoofhounds started passing. Mumma snagged a 15-yard pass shortly before the quarter ended.

Fourth Quarter

Punting and passing took Maryville closer to the goal and after several brilliant plays by Swinford and Kissinger, with the other men providing satisfactory interference, the ball was carried to within 2 feet of the goal there to be lost on downs. Tarkio punted out to the 30-yard line but after gaining little yardage on line plays, Alsup received a long pass from Wilson and crossed the goal line for a touchdown. Kissinger's attempt to kick goal was blocked. Only a few minutes were left in which to play and neither team was able to score although Maryville was within passing distance of the goal line most of the time. The game ended Maryville, 13; Tarkio, 7.

Instructions in Every Department of Church School to Be Given at Convention Next Week.

The Nodaway County Council of Religious Education, which will hold its fourteenth annual convention in Maryville Wednesday and Thursday of next week, is part of a national organization fostering a building program of religious education.

A school of methods will be included in the convention here next week. Instructions in every department of a church school will be given. Every officer and teacher of all Bible schools in the county are interested in this work.

Several hundred persons from all parts of the county are expected to attend the conference here.

Mrs. Elmer Bagby is here from Laredo, spending the week-end with relatives.

Memorial to Boys From This State

Name of James Edward Gray Among Those to Whom Missouri University Tower Is to Be Dedicated.

Names of the 116 University of Missouri boys, who lost their lives in the great World War, and in whose memory university students and alumni have erected a magnificent Gothic tower overlooking the college campus have been announced by Dr. J. C. Jones, director of the memorial project.

The list includes the names of James Edward Gray, son of Mr. and Mrs. John H. Gray of Maryville, and Carlyle Robert Wilson, Andrew Floyd Collins, Bethany.

The tower, built at a cost of $500,000 and declared by the country's greatest architects to be one of the most beautiful memorial towers in the world, formally will be dedicated on Nov. 20. Missouri's new concrete stadium, also erected in memory of the university's war dead, likewise will be dedicated on the same date when the football teams of Missouri and Kansas clash in their historic and time-honored homecoming gridiron classic.

Elaborate plans have been made for the formal dedication of the two buildings, and many noted personages of the state and nation have been invited to participate in the ceremonies. Dedication of the tower will take place on the morning of Nov. 20, and the memorial stadium formally will be dedicated just prior to the beginning of the Missouri-Kansas football game.

Cecil Everist was appointed administrator of the estate of Ephram Everist, who died on September 19 The appointment was made in probate court today.
